The property is totally private and has beautiful uninterrupted sea and mountains views

The private road leads up to the house and separate garage for 2 cars.

Leading from the entrance is a fully equipped and rustic country style kitchen from which there is an archway to the large dining room.

There is a hall which leads to the lounge and family bathroom. From this hall you could open and reach the 2 studio apartments which each has a bathroom and kitchen facilities.

The master bedroom is very large and has a modern en suite bathroom.
