This apartment is awesome! A real Pearl.

3 bedrooms with 3 bathrooms, 2 of them en-suite. All at the same level on the top floor of the building at King's boiler. Each room is large enough for a double bed and all rooms have air conditioning. He finished with modern materials and high quality. The floor in the living areas and bedrooms is Park, while the bathrooms have tiled floors.

A beautiful kitchen with high-end appliances which is in continuity of the great Hall.

The best feature of this apartment is, of course, the extension of the living room and the bedroom terrace. There aren't many places that can boast of having a panoramic view of 180 Å° so incredible.

The neighbouring island of La Gomera, the magnificent ocean and Guaza mountain are part of this beautiful view. The lights of Los Cristianos and Las Americas can enjoy the evening. The terrace has many practical features. A big table, plenty of room, a jacuzzi and a small storage room. Electric pergola and awnings are very practical to protect from Sun and sporadic days of wind.

This apartment also includes a large private 2-car garage that includes a large storage area.

Sold fully furnished.

An attic with lots of character, privacy and views.
